Thursday 20

Choice 1: popcorn chicken
Choice 2: taco salad
Breakfast: pancake on stick

Friday 21

Choice 1: spaghetti
Choice 2: bagel & yogurt
Breakfast: cinnamon roll

Math: We will be continuing to look for different strategies students can use to find the products to basic multiplication facts. We are also working on using our math vocabulary words when we talk math. Students have learned about the commutative, zero, and identity property of multiplication. We are also working on the distributive property of multiplication. Look for patterns in numbers and begin to explore some different strategies to solve basic division problems. Take time to have your child explain to you what these different properties are. **To help promote problem solving, ask your child, "What strategies are you going to use**

Reading:

The next story the students will be reading is Donovan's Word Jar. Through out this lesson the students will be learning about prefixes, suffixes, root words, synonyms and antonyms. They will also be working on making inferences and summarizing during this story. We will have a review on Thursday Sept. 120th. Friday Sept. 21st students will be taking a computerized test over the story of Donovan's Word Jar. The test will consist of vocabulary and comprehension

Spelling: List #3

We will have our spelling test on each Thursday and a new list will be coming home on Friday.

Challenge List: die, prize, fifty, picnic, arrived, decide, child, civil, divide, and library

Regular List: mine, tie, wild, type, smile, drive, size, blind, visit, and thick

Review words: able, dog, shown, mean, and English

Challenge words: audience, backstage, performance, applause, and famous

Spelling packet due Thursday, Sept. 20th.

Science:

Our class is moving into our animal unit. The students will learn about classification, adaptation, food chains, and much more that deal with animals needs. This will help students identify why certain animals live where they do or how they survive in their environments. After we have covered these topics we will move on to students researching and presenting one animal to there class.

Social Studies:

We will honor Constitution Day which is on Mon. Sept. 17. Students will be reading at home about the constitution. They will need to highlight 8 things they learned from the reading and bring back on Monday. We will be writing about this on Monday. To continue to with the constitution day we will learn about the branches of the Government. Then begin a map packet on the Midwest region using an atlas for information.

Language: We will continue to learn how to build a complete sentence which includes a subject and predicate. By the end of the week students should be able to pick out the subject, predicate, noun, and verb in a sentence. Also, we will continue to work on Daily Oral Language.

Technology: The students will be building their own technology tool kit. The first tool they will change is their homepage. Students have also been testing from the E-metric system. This test will be given four times a year to help evaluate student learning.

Together **WE** Can Accomplish More!

Lets make this a great year for your child.

Merchandise sold by the Brookings High School Student Council.

Hours of Operation: Tuesday Sept 18th -Wednesday Sept 19th -Thursday Sept. 20th and -Friday Sept. 21st
